- Thermal Comfort System (TCS must be used at opposite end if used with VSM)
- Vibro Sonic Massage (VSM must be used at opposite end if used with TCS)

INSTALLATION TIPS

- Install according to Owner's Manual and local codes.
- Always consult your local plumber for recommendations as installations will vary.
- The bath must be secured to the floor by applying a bead of silicone around the base (which can be cut in future should there be a need to access to the plumbing).
- Installation must be carried out according to the manufacturer instructions.
- Hot water supply should be 65-75% of tub capacity or greater.
